# 2011 FALL SPEAKER BIOS

## **Dale Mizer, Product Manager The Euclid Chemical Company, Cleveland, OH**

Dale has been the Concrete Repair & Waterproofing Products Manager for Euclid Chemical for the past 3 years, specializing in cementitious and polymer materials. Prior to Euclid Chemical, Mr. Mizer was the senior sales representative for a Cleveland based construction materials distributor for 12 years. In addition to his Euclid Chemical duties, Mr. Mizer serves as a trainer for the Cement Masons Union in Cleveland, is an active member of the International Concrete Repair Institute's committee 320 Concrete Repair Materials and Methods and the 510 Corrosion Committee. Mr. Mizer is an US Army Veteran of Operation Desert Storm and holds a Bachelor's degree in Marketing and Sales Management with a Minor in International Business from the University of Akron. He currently resides in a suburb of Akron, OH with his wife and 5 children. When he's not busy coaching his kid's traveling soccer team, Dale thoroughly enjoys golfing and yard work.

## **Monty Guest, National Parking & Stadium Segment Manager BASF Building Systems, Solon, OH**

Monty has 30 years of construction experience including 18 years of experience involving application and development of deck coating, waterproofing, expansion joint, and concrete repair products. Expertise includes application of deck coatings, expansion joints, and waterproofing products. Resides in Solon, Ohio.

## **Dave Fuller, Sr. Technical Product Specialist BASF Building Systems, Juniper, FL**

Dave has 20 years experience in Industrial Coatings/Construction Chemicals in Technical Services and Sales capacities. He is a Specialist in the use of Polymer Technology for rapidly setting concrete repair, industrial/commercial flooring and exterior concrete deck applications.

## **Gerald A. Dalrymple, P.E., Principal Whitlock Dalrymple Poston Associates, P.C., Manassas, VA**

In 1995, Gerald A. Dalrymple, P.E., along with two colleagues, A. Rhett Whitlock, Ph.D., P.E., and Randall W. Poston, Ph.D., P.E., founded Whitlock Dalrymple Poston & Associates, P.C., a diversified consulting engineering firm providing specialized structural and architectural engineering, geotechnical engineering, and construction inspection and material testing services. Mr. Dalrymple is actively involved with a wide variety of structural engineering disciplines including failure investigations, rehabilitation of existing structures, development of restoration design specifications, construction management and inspection and litigation support. As a nationally recognized expert in his field, Mr. Dalrymple has been involved in numerous high profile projects throughout his career, and has served a variety of clients including contractors, architects, engineers, government agencies, school systems, and private sector clients.

Prior to the inception of WDP & Associates, P.C., Mr. Dalrymple was a Senior Associate in the Special Consulting Division at KCI Technologies, Inc. (formerly Kidde Consultants, Inc.). Leading up to his experience at KCI Technologies, Inc., Mr. Dalrymple was a Staff Engineer with the Brick Institute of

America and a Structural Engineer with Sargent & Lundy.

Mr. Dalrymple's education includes a Master of Science in Civil Engineering, 1985, Clemson University, Clemson, South Carolina, and a Bachelor of Science in Civil Engineering, 1983, Clemson University, Clemson, South Carolina. He is licensed in Virginia (1989), Maryland, District of Columbia, and nine additional states.

Mr. Dalrymple is an active participant in national professional organizations, including the American Society for Testing and Materials, the American Concrete Institute, the International Concrete Repair Institute, The Masonry Society, and the Construction Specifications Institute. He is currently involved on several National Standards Committees and serves as Committee Secretary for the Masonry Standards Joint Committee responsible for development of TMS 402/ACI 530/ASCE 5 and TMS 602/ACI 530.1/ASCE 6 Building Code Requirements and Specification for Masonry Structures. He has presented on various topics at national industry conferences and authored over 25 published papers for industry trade magazines, newspapers, and journals.

## **Greg Lankford, Coastal Carolina Region Rep Associated Scaffolding, Columbia, SC**

Greg is a Sales Rep for Associated Scaffolding's Coastal Carolina Region and lives in Conway, SC. He has been with Associated Scaffolding for four years. He is a native of Plymouth, NC and served in the U.S. Navy for 13 years as an electronics / communications specialist. He and his wife Sarah have two kids and in his free time Greg enjoys motorcycle riding.

## **Mark Howell, National Consultant: Building Envelope Solutions Structural, Hanover, MD**

Mark Howell is a recognized leader in the building envelope preservation and maintenance industry and has been involved during the past decade in the investigation and restoration of many contemporary and historic structures. Mark is a member of the SWRI Board of Directors, an active member of several sub-committees of the American Society of Testing Materials E6 Committee and also belongs to the Association for Preservation Technology International as well as several local APT Chapters and Roofing Consultants Institute. He has made numerous presentations at national conferences, is a continuing education provider for the American Institute of Architects, as well as a former adjunct teacher for the Preservation Program at Harford Community College.

## **Jerry Duncan, Vice President / Carolinas GM Scaffolding Solutions, Charlotte, NC**

Jerry has 30 years of extensive experience in the scaffolding industry. He attended Georgia Tech and studied Electrical Engineering and worked for a number of years as a Construction Project Manager. He served on national Board of Directors for three years of Scaffolding, Shoring and Forming Institute. A native of the low country of South Carolina, he has been active in the Scaffolding Industry Association as well as a longtime member of the WCA and ICRI.
